Marbella's many attractions include its all-year-round pleasant climate, the beaches, golf courses, gastronomy, shopping, lifestyle, and the many varied activities on offer.

HOMES TO LIVE IN ALL YEAR ROUND

All homes are south or southwest facing and have unobstructed views towards the bay of Marbella, the Moroccan coastline and Gibraltar.

The project comprises 4 contemporary styled buildings and an "open plan" design but with a sympathetic rustic appearance to blend into the natural surroundings.

These buildings, just 3 storeys high, house 2- and 3-bedroom apartments and penthouses with solarium, all with generous terraces and there is a communal pool and landscaped gardens with native plants, many recovered from the area itself.

You can live all year round in these modern homes, or just enjoy holidays and weekends, in a peaceful residential area that is just a few kilometres from Marbella's Golden Mile

SPACIOUS TERRACES WITH PANORAMIC VIEWS

A range of apartment types and penthouses with 2 or 3 bedrooms, and all have an open plan kitchen integrated into the living/dining room.

They offer additional convenient features such as an underground parking space and storeroom for each home, pools for adults and children and large landscaped gardens. The development also has public access routes within the surrounding natural setting with more than 5 hectares of forest allowing you to walk, relax and enjoy nature.

The Development offers a selection of high-quality materials and finishes, which provide the homes with a high degree of elegance, comfort and exclusivity.
