These are modern luxury villas with unobstructed views of Málaga and the Mediterranean Sea and with spacious terraces. The large window walls open completely to join the interior with the outside terrace. The streamlined interior has a chic elegance. Kitchens are fully equipped. It has a compact design that includes plenty of convenient storage. The best quality materials and appliances have been used throughout. The developments will be of 20 villas. The social club has a gym, changing rooms and a social area as well as a big outdoor pool. There are only 3 villas left - all with 4 bedrooms and 4 baths plus a WC. The development is within longer walking distance to Benalmadena village and to the sea, but because of the hillside you will probably be using your car to go around. You are within 25 minutes at the airport of Malaga.
