BRAND NEW COMPLEX ready to move in 2024 in front of Playa Ancha beach in Casares Playa, Costa del Sol. Great location within walking distance to any amenities such as Restaurant, shops, beach and Dona Julia Golf Course. Excellent location. This complex is a gated development with a total of 58 apartments which have 2 or 3 bedrooms, distributed over 4 buildings which offer ground-floor homes with private gardens, first-floor apartments with sea views, and exclusive 3-bedroom penthouses with impressive terraces and panoramic views of the Mediterranean Sea. All the homes face southeast towards the sea and have spacious terraces to make the most of the available natural light. Ground floor apartments also have their own private garden. The development has large, landscaped areas for families to enjoy and a beautifully designed communal pool. A stand-out feature of these bright and airy homes is the large terrace with stunning sea views. There is an outdoor parking space for each apartment, underneath a pergola to provide shade. The kitchens are designed with upper and lower cupboard units in melamine with a "oak" colour finish, and have a white, 0.8 cm, phenolic resin worktop. There is a single stainless-steel sink with a chrome mixer tap. A sense of continuity has been achieved throughout the homes by choosing ceramic tiling by Saloni, model Ardesia Avorio, in 60 x 60 cm format, with the same model for the skirting tiles, and the same colour. The design is completed by using the same tile on the terraces and solariums in its non-slip version. Every apartment has a hot and cold air conditioning system, installed via conduits located in the false ceiling. The homes will have mechanical ventilation installed, in accordance with current legislation, to optimise the air quality in the interior. The homes each have a thermal heat pump system for the production of domestic hot water. An LED lighting package is included according to the plan of each home. Power sockets are by Schneider in aluminium colour, and there are USB charging points in the kitchen and main bedroom. All apartments have a fibre-optic installation, as well as telephone points, internet and TV in the kitchen, living/dining room, and bedrooms. The building has the necessary insulation to walls, roofs, and windows required to obtain an energy efficiency rating "B". Ground Floor Apartment, Casares Playa, Costa del Sol. 2 Bedrooms, 2 Bathrooms, Built 83 m², Terrace 29 m². Setting : Beachfront, Close To Golf, Close To Port, Close To Shops, Close To Sea, Close To Schools, Close To Marina, Urbanisation. Orientation : South East, South, West. Condition : Excellent.
